

SKID STEER FORK AND FRAMES

F5300

**STANDARD & CUSTOM
SIZES AVAILABLE**

Arrow Pallet Fork and Frames feature a heavy-duty frame engineered to sustain the impact of everyday use. Our forks are made of a premium-grade steel that outperforms the competition. Choose from Class II and Class III variations to find the right fit for your machine. Arrow Pallet Fork and Frames come in 36-inch to 84-inch widths, with and without hydraulics and capacities from 1,500 to 9,000 lbs.

Compatible with

Skid Steers
Walk-behinds
Shaft Mount
Bale Spear
Ag & Utility
Walkthrough
Extra Wide
Fork Positioning

Outlast the Competition

The heavy-duty steel construction is built to work as hard as you do.

A Grade Above the Rest

Arrow Forks outperformed those of our competitors in a recent industry study.

TELEHANDLER FORK AND FRAMES

Arrow's Telehandler Pallet Forks fit almost any brand machine with a quick-coupler or pin-on mount. Highly customizable, standard builds offer a wide range of frame and fork sizes and styles. The heavy-duty construction with an extended load backrest offers excellent load stability and operator visibility. Custom-built options allow for unlimited possibilities including swinging forks, tilting style frames, ITA style, fork positioners and grapple arms (single or dual).

MINI FORK AND FRAMES

F3036
F3040

1003171-3636

Max out your walk-behind skid steer or tractor with Arrow's Mini Pallet Forks. While under 200 pounds in weight, they can still deliver excellent service with their 1,500-pound capacity assemblies. They come standard with a mini universal coupler, however, other coupler/hitches are available. This durable frame accepts standard ITA Class II Forks.

PART #	WIDTH	WEIGHT	CAPACITY	ADJUSTABLE FORK SPREAD
F3036*	36 in	126 lb	1,500 lb	0-35 in
F3040*	40 in	137 lb	1,500 lb	0-40 in
1003171-3636	40 in	161 lb	3,000 lb	0-40 in
1003172-3636	36 in	149 lb	3,000 lb	0-35 in

* Comes standard with mini universal coupler, however, other couplers or pin-on hitches are available.

AG FRAMES

Arrow's Ag Frame is designed specifically for customers in the Ag industry – comes standard with quick coupler plates to attach to a tractor, or can be made to direct pin-on to loader arms. Don't let the lightweight design fool you – this frame can lift up to 4,500 lbs. The backrest stabilizes loads and protects operators from errant debris.

Part #	Width	Weight	Capacity	Adjustable Fork Spread
F5847-121	50 in	192 lb	1,500 lb	0-47 in
F5860-121	63 in	229 lb	1,500 lb	0-60 in
